## HIGH THROUGHPUT MOBILE SHREDDING TRUCK

- The AXO 608 Mobile Shredding Truck - is offered as a turn-key package mounted on the HINO 500 Series 16 ton GVW Cab Chassis. (Customer specified cab chassis POA)
- The AXO 608 Mobile has an impressive throughput rate of up to 2,500kg per hour. Combined with a payload capacity of 5,000kg this makes the AXO 608 Mobile an extremely profitable option for operators who are processing large volumes of paper.

### AXO 608 MOBILE STANDARD FEATURES

GRP Box Body	Lighting
Bin Lifter	Side Lifter
Dust Extraction	Sight Window in Bulkhead
Live Floor Unload	Recessed Storage Cupboard
*Remote Engine Start / Stop	

### AXO 608 MOBILE OPTIONAL EXTRAS

Service Program	Wireless Unloading Remote
LCD Reversing Camera	Wind Deflector
LED Safety Beacons	Weigh Scales

### SHREDDING EQUIPMENT SPECIFICATIONS

Shredder Unit	WM608 - 16H
Compactor	Hydraulic/Rotary
Cutter Width	16mm
Throughput**	up to 2,000kg/hr
Hooks Per Cutter	3
Bin Lifter	Hydraulic
Bin Type (ltr)	360/240/140/120
Feed	Internal Bin Tipper
Drive	PTO Hydraulic
Chamber Size	608mm x 385mm
Shaft Thickness	Ø 105mm
Control	Electric 24v

### VEHICLE SPECIFICATIONS

Make	HINO
Model	500 Series - GH 1727
Engine	190kW
Gearbox	9 Speed Manual
GVW	16,000 kg
Payload	5,000kg
Wheelbase	5510mm
Overall Height (OH)	3680mm
Cab Width (CW)	2460mm
Overall Length (OL)	9200mm

### BODY SPECIFICATIONS

Panel	Glass Reinforced Plywood
Colour	White Gel-Coat
Body Length (BL)	7100mm
Body Width (BW)	2500mm
Internal Body Height (IBH)	2400mm
Paper Storage Area (PSA)	4300mm
Work Area (WA)	1400mm
Access Door Height (ADH)	2000mm
Access Door Width (ADW)	1200mm
Side Lifter Width (SLW)	1500mm

\*Subject to Availability  
 \*\* Throughput figures vary according to feed method and product type being shredded. AXO Shredders Ltd does not guarantee throughput rates. Throughput figures shown are based on actual throughput rates achieved in the field however variable factors mean these rates cannot always be sustained.

**CE** SAFETY  
 AXO Mobile Shredding Vehicles meet all OSH and CE requirements, and are CE marked. Noise, safety, dust and fire compliance has been met.
